## FOREWORD

Since the last listing of municipal fire fighting equipment and manpower in 1967 there has been a steady growth in fire protection facilities in Alberta. The municipal summary has been in popular demand by persons and/or organizations interested in the fire services and the specific details of the municipal establishments. The Fire Commissioner's Office of the Provincial Secretary's Department offers a revised compilation at this time, believing it to be important public information.

We find it necessary to our work to keep the summary up to date. We need it for Emergency Measures purposes but it serves an equally useful peace-time need. It is valuable for each city, town and village, county and municipal district to keep informed about the progress of fire protection in neighbouring communities. Also commercial and industrial business firms will be alert to this kind of information and in particular the insurance industry may find it helpful.

In Alberta over one and one-half million people using property with an assessed value of \$3,082,706,198.00 are largely dependent upon municipal fire department resources for fire protection. The total operating cost of municipal fire departments calculated for 1969 was ten million, eight hundred thirteen thousand, four hundred ninety dollars, (\$10,813,490.00) and this means a per capita operating cost for the province of \$6.82.

Other comparisons in the fire protection table below attribute to the steady growth of fire protection services since the first completed summary in 1959.

	1959	1960	1962	1964	1967	1970
Total Self Propelled Pumpers (420 GPM and over) - Municipal	203	221	246	255	304	354
Total Organized Fire Departments	222	238	244	249	252	270
Total Municipal Fire Chiefs	241	250	243	249	252	270
Total Full-Time Municipal Firemen	770	790	910	1,036	1,137	1,393
Total Volunteer Firemen	3,354	3,440	3,699	3,927	3,946	4,177
Total Auxiliary Firemen						65

Many communities consult the Fire Commissioner's Office and obtain technical advice before specifying and ordering fire protection equipment. Since the standardization of 2 1/2 inch couplings, pumper and hydrant fittings, new purchased fire protection equipment must conform to the Alberta Mutual Aid Thread specifications. Specifications are available from the Fire Commissioner's Office and it is nominally 8 threads to the inch and 3 inches O.D. for the male coupling.

Ten cities, 98 towns, 106 villages and 7 hamlets for a total of 221 communities have fire hydrant protection with a grand total of 16,914 hydrants. This means that all cities, all but two towns and 82% (*excluding summer villages*) of the villages have fire hydrant protection included in the water system.

The municipalities have been listed alphabetically making an index unnecessary, however, at the end of the report we have compiled a list of:

- A: Municipal district and counties owning and operating fire fighting equipment for rural fire protection - totalling 22 with 73 pumpers.
- B: Rural fire protection organizations and societies having mobile fire fighting equipment and organized to serve rural areas - number 25 with 25 pumpers.
- C: Provincial government-owned fire pumpers - totalling 21.

The extension of organized fire protection to include rural areas and hamlets is relatively new but certainly very important to the farming industry and we believe beneficial to the province at large. Most of the rural fire protection equipment is maintained in town and village fire halls where it is serviced and operated by the volunteer fire departments for both village and rural fire emergencies. Arrangements for payment of the volunteer fire protection services are made jointly between the municipality and the rural area served.

The full scope of fire protection for the province is not shown in this survey in that there is no record of industrial and federal government fire fighting equipment, nor is there any evaluation of the fire protection provided by the smaller private property owners whose built-in fire protection may include automatic sprinklers, automatic fire detection systems, stand-pipe and hose as well as hand fire extinguishers. Fire prevention and fire protection is a joint effort by the private and the public sectors of the community. Municipal fire protection must fill the breach when property owners and other individuals make mistakes that result in fires. Last year's over eighteen million dollar property loss and the loss of 24 lives are constant reminders that fire prevention and fire protection facilities must be strengthened still further to keep pace with Alberta's economic development.

The threat of civil disaster from uncontrolled fire initiated the first fire protection summary in 1950. Then followed the Civil Defence standardization program for 2 1/2 inch hose couplings completed in 1954. Also for Emergency Measures purposes, the province was divided into three zones and so we now summarize our self-propelled fire pumpers according to these zones and we are organizing mobile fire columns as part of the province's survival plan to operate in each zone. A further breakdown is given in the following table for smaller capacity pumps and for water tank trucks.

	Peace River Zone	Northern Zone	Southern Zone	Total
Pumpers 420 GPM and over	30	187	137	354
Pumpers less than 420 GPM	4	38	12	54
Water Tank Trucks 700 gals. and over	2	12	13	27

It is our hope that this information will be of assistance to all Alberta residents and also to other persons whose business interests are involved with fire protection and fire prevention. This tabulation has been made possible due to the co-operation and assistance of fire chiefs, and municipal administrators, and it is based upon the information supplied to the Fire Commissioner's staff. It is, however, subject to change and revision and, therefore, for additional information, please consult the local authorities.

AUSTIN E. BRIDGES  
FIRE COMMISSIONER

December 1, 1970

ACADIA VALLEY - (Hamlet)		Zone: Southern
Population: 200	Fire Dept. Cost \$166.90	Bldg. Asst. \$503,410
Personnel:	Chief	
	6 Volunteer Firemen	
Fire Apparatus:	1 - 1946 - 420 GPM Pumper with 750 gal. tank	
	350 feet of 1 1/2 inch hose	
Water Supply:	Source - Wells and Dugouts	
	1 Reservoir with a capacity of 16,000 gals.	
	Total Storage 16,000 gals.	
Alarm System:	2 - 1/2 H.P. Sirens	
ACME - (Village)		Zone: Southern
Population 311	Fire Dept. Cost \$362.83	Bldg. Asst. \$666,780
Personnel:	Chief	
	12 Volunteer Firemen	
Fire Apparatus:	1 - 1950 Dodge	
	2 - 45 gal. foam engines	
	200 feet of 2 1/2 inch hose	
	300 feet of 1 1/2 inch hose	
Water Supply:	Source - 2 Wells, 2 Reservoirs with a capacity of 50,000 gals.	
	11 hydrants	Total Storage 50,000 gals.
	4 and 6 inch mains	
Alarm System:	5 H.P. Siren, 2 1/2 H.P. Siren	
AIRDRIE - (Village)		Zone: Southern
Population 962	Fire Dept. Cost \$1,386.58	Bldg. Asst. \$1,501,030
Personnel:	Chief	
	17 Volunteer Firemen	
Fire Apparatus:	1 - 1960 - 420 GPM Pumper with 500 gal. tank	
	1 - 1950 - 500 gal. tank truck	
	1300 feet of 2 1/2 inch hose	
	1650 feet of 1 1/2 inch hose	
Water Supply:	Source - 7 Wells, 1 Elevated Tower with a capacity of 40,000 gals.	
	15 hydrants	Total Storage 40,000 gals.
	6 inch mains	
Alarm System:	5 H.P. Siren, 5 Fire Phones	
ALLIANCE - (Village)		Zone: Northern
Population 300	Fire Dept. Cost \$553.00	Bldg. Asst. \$731,280
Personnel:	Chief	
	15 Volunteer Firemen	
Fire Apparatus:	1 - 420 GPM Pumper with 750 gal. tank	
	1 - 150 GPM Pumper with 300 gal. tank	
	1000 feet of 2 1/2 inch hose	
	300 feet of 1 1/2 inch hose	
Water Supply:	Source - 9 Wells, 1 Elevated Tower with a capacity of 40,000 gals.	
	2 hydrants	1 Reservoir with a capacity of 25,000 gals.
	4 inch mains	Total Storage 65,000 gals.
Alarm System:	5 H.P. Siren, 4 Fire Phones	
ALIX - (Village)		Zone: Northern
Population 660	Fire Dept. Cost \$1,881.00	Bldg. Asst. \$1,192,940
Personnel:	Chief	
	15 Volunteer Firemen	
Fire Apparatus:	1 - 1966 - 500 GPM Pumper with 700 gal. tank	
	1 - 1948 - 90 GPM Pumper with 250 gal. tank	
	1 - 200 GPM Portable Pump	
	1050 feet of 2 1/2 inch hose	
	800 feet of 1 1/2 inch hose	
Water Supply:	Source - 3 Wells, 1 Reservoir with a capacity of 50,000 gals.	
	15 hydrants	Total Storage 50,000 gals.
	6 and 8 inch mains	
Alarm System:	5 H.P. Siren, 5 Fire Phones, Push Button at Siren	
	Written Mutual Aid Agreement with the County of Lacombe #14	

AMISK - (Village)		Zone: Northern
Population 134	Fire Dept. Cost \$395.00	Bldg. Asst. \$203,490
Personnel:	Chief	
	17 Volunteer Firemen	
Fire Apparatus:	1 - 1960 - 500 GPM Pumper with 650 gal. tank	
	1 - 80 gal. chemical engine	
	50 feet of 2 1/2 inch hose	
	450 feet of 1 1/2 inch hose	
Water Supply:	Source - Wells, 1 Reservoir with a capacity of 5,000 gals.	
Alarm System:	1 H.P. Siren	Total Storage 5,000 gals.
Written Mutual Aid	Agreement with the Municipal District of Provost	
ANDREW - (Village)		Zone: Northern
Population 508	Fire Dept. Cost \$857.00	Bldg. Asst. \$1,522,180
Personnel:	Chief	
	16 Volunteer Firemen	
Fire Apparatus:	1 - 1950 - 420 GPM Pumper with 500 gal. tank	
	1200 feet of 2 1/2 inch hose	
	500 feet of 1 1/2 inch hose	
Water Supply:	Source - 3 Wells, 1 Elevated Tower with a capacity of 197,000,000 gals.	
	15 hydrants	Total Storage 197,000,000 gals.
	4 and 8 inch mains	
Alarm System:	5 H.P. Siren, 3 Fire Phones, 2 switches located on main street and at the Fire Hall	
ARDMORE - (Hamlet)		Zone: Northern
Population 225	Fire Dept. Cost unknown	Bldg. Asst. \$242,620
Personnel:	Chief	
	18 Volunteer Firemen	
Fire Apparatus:	1 - 1959 - 100 GPM Pumper with 1,500 gal. tank	
	50 feet of 2 1/2 inch hose	
	400 feet of 1 1/2 inch hose	
Water Supply:	Source - Individual wells	
Alarm System:	1 H.P. Siren	
Written Mutual Aid	Agreement with the Municipal District of Bonnyville	
ARROWWOOD - (Village)		Zone: Southern
Population 179	Fire Dept. Cost \$449.53	Bldg. Asst. \$327,828
Personnel:	Chief	
	10 Volunteer Firemen	
Fire Apparatus:	1 - 1952 - 420 GPM Pumper with 500 gal. tank	
	1 - 200 GPM Portable Pump	
	600 feet of 2 1/2 inch hose	
	400 feet of 1 1/2 inch hose	
Water Supply:	Source - Well, 1 Elevated Tower with a capacity of 35,000 gals.	
	6 hydrants	2 Reservoirs with a capacity of 10,000 gals.
	6 inch mains	Total Storage 45,000 gals.
Alarm System:	3 H.P. Siren, 2 Fire Phones	
ATHABASCA - (Town)		Zone: Northern
Population 1,829	Fire Dept. Cost \$8,600.00	Bldg. Asst. \$2,064,136
Personnel:	Chief	
	15 Volunteer Firemen	
Fire Apparatus:	1 - 1956 - 500 GPM Pumper with 500 gal. tank	
	1 - 200 GPM Portable Pump	
	1 - 1953 - 3/4 Ton Panel, Utility Truck	
	1 - Hose Reel	
	2600 feet of 2 1/2 inch hose	
	1200 feet of 1 1/2 inch hose	
Water Supply:	Source - River, 1 Reservoir with a capacity of 120,000 gals.	
	45 hydrants	Total Storage 120,000 gals.
	6 and 8 inch mains	
Alarm System:	5 H.P. Siren, 10 Fire Phones	

BANFF - (Town)		Zone: Southern
Population 3,800	Fire Dept. Cost unknown	Bldg. Asst. \$15,164,395
Personnel:	Chief	
	26 Volunteer Firemen	
Fire Apparatus:	1 - 1964 - 625 GPM Pumper with 500 gal. tank	
	1 - 1942 - 625 GPM Pumper with 80 gal. tank	
	2650 feet of 2 1/2 inch hose	
	2650 feet of 1 1/2 inch hose	
Water Supply:	Source - Creek, 3 Elevated Towers with a capacity of 545,000 gals.	
	128 hydrants	1 Reservoir with an unlimited capacity
	4 inch to 20 inch mains	
Alarm System:	3 H.P. Air Horn Siren, 24-hour answering in Fire Hall	
BARONS - (Village)		Zone: Southern
Population 250	Fire Dept. Cost \$1,300.00	Bldg. Asst. \$433,140
Personnel:	Chief	
	8 Volunteer Firemen	
Fire Apparatus:	1 - 1955 - 920 gal. tank truck	
	1 - 1941 - 480 gal. tank truck	
	2 - 200 GPM Portable Pumps	
	2 - 20 gal. foamite wheeled units	
	800 feet of 2 1/2 inch hose	
	900 feet of 1 1/2 inch hose	
Water Supply:	Source - Irrigation Canal	
	8 hydrants	2 Reservoirs with a capacity of 6,000,000 gals.
	4 and 6 inch mains	Total Storage 6,000,000 gals.
Alarm System:	2 H.P. Siren	
BARRHEAD - (Town)		Zone: Northern
Population 2,718	Fire Dept. Cost \$1,339.00	Bldg. Asst. \$4,843,780
Personnel:	Chief	
	18 Volunteer Firemen	
Fire Apparatus:	1 - 1950 - 500 GPM Pumper with 300 gal. tank	
	1 - 1300 gal. tank truck	
	850 feet of 2 1/2 inch hose	
	600 feet of 1 1/2 inch hose	
Water Supply:	Source - River, 1 Elevated Tower with a capacity of 43,000 gals.	
	48 hydrants	3 Reservoirs with a capacity of 52,065,000 gals.
	4 and 6 inch mains	Total Storage 52,108,000 gals.
Alarm System:	7 1/2 H.P. Siren, 5 Fire Phones, Push Button at Fire Hall	
BASHAW - (Town)		Zone: Northern
Population 780	Fire Dept. Cost \$2,489.97	Bldg. Asst. \$1,087,540
Personnel:	Chief	
	18 Volunteer Firemen	
Fire Apparatus:	1 - 1968 - 500 GPM Pumper with 700 gal. tank	
	1 - 1957 - 500 GPM Pumper with 500 gal. tank	
	1700 feet of 2 1/2 inch hose	
	1800 feet of 1 1/2 inch hose	
Water Supply:	Source - 3 Wells, 1 Elevated Tower with a capacity of 50,000 gals.	
	15 hydrants	1 Reservoir with a capacity of 50,000 gals.
	6 inch mains	Total Storage 100,000 gals.
Alarm System:	5 H.P. Siren, 2 Fire Phones, Switch at Fire Hall, Telephone fan-out.	
BASSANO - (Town)		Zone: Southern
Population 801	Fire Dept. Cost \$2,303.16	Bldg. Asst. \$1,526,970
Personnel:	Chief	
	18 Volunteer Firemen	
Fire Apparatus:	1 - 1969 - 500 GPM Pumper with 300 gal. tank	
	1 - 1956 - 500 GPM Pumper with 600 gal. tank	
	2100 feet of 2 1/2 inch hose	
	1200 feet of 1 1/2 inch hose	
Water Supply:	Source - River, 1 Elevated Tower with a capacity of 200,000 gals.	
	26 hydrants	1 Reservoir with a capacity of 42,000,000 gals.
	6 inch mains	Total Storage 42,200,000 gals.
Alarm System:	2 H.P. Siren, 5 Fire Phones	

BAWL - (Village)		Zone: Northern
Population 220	Fire Dept. Cost \$360.00	Bldg. Asst. \$550,500
Personnel:	Chief	
	5 Volunteer Firemen	
Fire Apparatus:	1 - 1953 - 150 GPM Pumper with 500 gal. tank	
	1 - 420 GPM Trailer Pump	
	200 feet of 2 1/2 inch hose	
	400 feet of 1 1/2 inch hose	
Water Supply:	Source - Well, 1 Reservoir with a capacity of 45,000 gals.	
	9 hydrants	Total Storage 45,000 gals.
	6 inch mains	
Alarm System:	2 H.P. Siren	
BEAVERLODGE - (Town)		Zone: Peace River
Population 1,139	Fire Dept. Cost \$2,634.00	Bldg. Asst. \$2,006,543
Personnel:	Chief	
	32 Volunteer Firemen	
Fire Apparatus:	1 - 1953 - 500 GPM Pumper with 500 gal. tank	
	1 - 400 GPM Portable Pump	
	1400 feet of 2 1/2 inch hose	
	600 feet of 1 1/2 inch hose	
Water Supply:	Source - Wells, 2 Reservoirs with a capacity of 200,000 gals.	
	26 hydrants	Total Storage 200,000 gals.
	4, 6 and 8 inch mains	
Alarm System:	5 H.P. Siren, 5 Fire Phones	
Written Mutual Aid Agreement with Hythe, Wembley, Grande Prairie, Sexsmith, and Clairmont (County of Grande Prairie)		
BEISEKER - (Village)		Zone: Southern
Population 398	Fire Dept. Cost \$17.14	Bldg. Asst. \$804,000
Personnel:	Chief	
	12 Volunteer Firemen	
Fire Apparatus:	1 - 200 GPM Portable Pump	
	1 - 2 Wheel Hose Cart	
	200 feet of 2 1/2 inch hose	
	500 feet of 1 1/2 inch hose	
Water Supply:	Source - Wells, 1 Reservoir with a capacity of 50,000 gals.	
	9 hydrants	Total Storage 50,000 gals.
	4 to 8 inch mains	
Alarm System:	2 H.P. Siren	
BELLEVUE - (Village)		Zone: Northern
Population 1,175	Fire Dept. Cost \$2,480.00	Bldg. Asst. \$1,206,875
Personnel:	Chief	
	13 Volunteer Firemen	
Fire Apparatus:	1 - 1957 - 420 GPM Pumper with 550 gal. tank	
	1500 feet of 2 1/2 inch hose	
	1300 feet of 1 1/2 inch hose	
Water Supply:	Source - Creek, 2 Reservoirs with a capacity of 280,000 gals.	
	19 hydrants	Total Storage 280,000 gals.
	4 to 8 inch mains	
Alarm System:	2 H.P. Siren, 5 H.P. Siren, 6 Fire Phones	
Written Mutual Aid Agreement with Hillcrest, Frank, Blairmore and Coleman		
BENTLEY - (Village)		Zone: Northern
Population 643	Fire Dept. Cost \$803.94	Bldg. Asst. \$1,164,560
Personnel:	Chief	
	10 Volunteer Firemen	
Fire Apparatus:	1 - 1970 - 150 GPM Pumper with 500 gal. tank	
	1 - 1952 - 150 GPM Pumper with 950 gal. tank	
	1 - 100 GPM Portable Pump	
	350 feet of 1 1/2 inch hose	
Water Supply:	Source - Individual Wells, 1 Reservoir with a capacity of 1,000 gals.	
		Total Storage 1,000 gals.
Alarm System:	2 H.P. Siren, 5 Fire Phones, Push Button at Fire Hall	

BERWYN - (Village)		Zone: Peace River
Population 426	Fire Dept. Cost \$889.85	Bldg. Asst. \$414,900
Personnel:	Chief	
	20 Volunteer Firemen	
Fire Apparatus:	1 - 1955 - 500 GPM Pumper with 360 gal. tank	
	1 - 1300 gal. tank truck	
	1150 feet of 2 1/2 inch hose	
	350 feet of 1 1/2 inch hose	
Water Supply:	Source - Wells, 1 Elevated Tower with a capacity of 40,000 gals.	
	13 hydrants	Total Storage 40,000 gals.
	4 and 6 inch mains	
Alarm System:	2 - 3 H.P. Sirens, 5 Fire Phones	
BIG VALLEY - (Village)		Zone: Southern
Population 378	Fire Dept. Cost \$27.75	Bldg. Asst. \$564,970
Personnel:	Chief	
	10 Volunteer Firemen	
Fire Apparatus:	1 - 1951 - 420 GPM Pumper with 500 gal. tank	
	500 feet of 2 1/2 inch hose	
	400 feet of 1 1/2 inch hose	
Water Supply:	Source - Wells, 1 Reservoir with a capacity of 30,000 gals.	
	10 hydrants	Total Storage 30,000 gals.
	4 and 6 inch mains	
Alarm System:	5 H.P. Siren	
BINDLOSS - (Hamlet)		Zone: Southern
Population 40	Fire Dept. Cost nil	Bldg. Asst. Unknown
Personnel:	Chief	
	6 Volunteer Firemen	
Fire Apparatus:	1 - 1951 - 600 gal. tank truck	
	1 - 200 GPM Portable Pump	
	100 feet of 1 1/2 inch hose	
Water Supply:	Source - Wells and River	
BLACK DIAMOND - (Town)		Zone: Southern
Population 986	Fire Dept. Cost \$1,090.90	Bldg. Asst. \$1,034,980
Personnel:	Chief	
	14 Volunteer Firemen	
Fire Apparatus:	1 - 1969 - 250 GPM Pumper with 780 gal. tank	
	1 - 200 GPM Portable Pump	
	800 feet of 2 1/2 inch hose	
	600 feet of 1 1/2 inch hose	
Water Supply:	Source - 3 Wells, 1 Elevated Tower with a capacity of 147,000 gals.	
	24 hydrants	Total Storage 147,000 gals.
	6 and 8 inch mains	
Alarm System:	5 H.P. Siren, 5 Fire Phones	
BLACKFALDS - (Town)		Zone: Northern
Population 887	Fire Dept. Cost \$1,280.00	Bldg. Asst. \$768,750
Personnel:	Chief	
	17 Volunteer Firemen	
Fire Apparatus:	1 - 1967 - 500 GPM Pumper with 750 gal. tank	
	1 - 1946 - 420 GPM Pumper with 344 gal. tank	
	1 - 420 GPM Portable Pump	
	1400 feet of 2 1/2 inch hose	
	600 feet of 1 1/2 inch hose	
Water Supply:	Source - 3 Wells, 1 Elevated Tower with a capacity of 50,000 gals. U.S.	
	8 hydrants	Total Storage 50,000 gals. U.S.
	6 inch mains	
Alarm System:	1 1/2 H.P. Siren, 5 H.P. Siren	

BLACKIE - (Village)		Zone: Southern
Population 150	Fire Dept. Cost \$244.63	Bldg. Asst. \$485,000
Personnel:	No Organized Brigade	
Fire Apparatus:	1 - 90 gal. Soda Acid on wheeled cart	
	1 Wheeled Hose Reel	
	500 feet of 2 1/2 inch hose	
	200 feet of 1 1/2 inch hose	
Water Supply:	Source - Well, 1 Reservoir with a capacity of 50,000 gals.	
	6 hydrants	Total Storage 50,000 gals.
	4 and 6 inch mains	
Alarm System:	Bell	
BLAIRMORE - (Town)		Zone: Southern
Population 1,819	Fire Dept. Cost \$2,513.00	Bldg. Asst. \$1,862,020
Personnel:	Chief	
	15 Volunteer Firemen	
Fire Apparatus:	1 - 1960 - 500 GPM Pumper with 500 gal. tank	
	1 - 200 GPM Portable Pump	
	3100 feet of 2 1/2 inch hose	
	1400 feet of 1 1/2 inch hose	
Water Supply:	Source - Creek, 1 Reservoir with a capacity of 3,000,000 gals.	
	50 hydrants	Total Storage 3,000,000 gals.
	6 to 12 inch mains	
Alarm System:	5 H.P. Siren, 10 Fire Phones	
BONNYVILLE - (Town)		Zone: Northern
Population 2,529	Fire Dept. Cost \$3,404.95	Bldg. Asst. \$3,770,510
Personnel:	Chief	
	25 Volunteer Firemen	
	6 Auxiliary Firemen	
Fire Apparatus:	1 - 1961 - 625 GPM Pumper with 500 gal. tank	
	1 - 1957 - 100 GPM Pumper with 1,000 gal. tank	
	2 - 200 GPM Portable Pumps	
	1500 feet of 2 1/2 inch hose	
	1200 feet of 1 1/2 inch hose	
Water Supply:	Source - Lake, 1 Elevated Tower with a capacity of 45,000 gals.	
	39 hydrants	1 Reservoir with a capacity of 200,000 gals.
